Criterion B: Record of tasks

Task number	Planned action	Planned outcome	Time estimated	Target completion date	Criterion
1	I will plan out a course of action and idea for my Computer Science Dossier.	I will have a developed plan on how I tackle a problem and develop a solution.	2 months	May 2016	A
2	With my idea, I will discuss with my client and make an effort to apply some desired features.	I will have discussed this thoroughly with Mrs. Egan-Wright, with an idea of what she wants from the software.	15 days	December 2016	A
3	I will begin thinking of an approach for creating this software.	I will decide how I will approach creating this program, planning the structure.	7 days	January 2017	A
4	I will begin making the program and finish Criterion A and fill out Criterion B as I go.	I will have decided what language I will code in and have made a lot of headway in the application.	2 months	February 2017	B
5	I will develop the software with appropriate mannerism that allows for flexibility in changes and for minimal issues.	Using the previous plan I will code around that to prevent issues with making something dysfunctional or excessive.	1 month	March 2017	C
6	I will agree on a scheduling with Mrs. Egan-Wright to deliver the product.	I will discuss with her final changes she would like to see and apply.	7 days	March 2017	B,C
7	I will test the program on my own as well as	Happy with product – allow use, record product	1 day	March 2017	C,D,E

	with other devices for Mrs. Egan-Wright to utilize.	as its being used.			
8	Receive finalized feedback, and use ideas to improve database, inquire if all needs were met.	Keep in mind what changes could potentially be made, and how what was realistically done.	1 day	April 2017	E
